2016 Secondary School Scholarships Applicants and Recipients

2016 Scholarship information has been either mailed to home addresses or passed onto students who proceeded to the interview stage of the 2016 Scholarship Process. We would like to congratulate all of the students who were awarded academic scholarships.

There were difficult decisions that needed to be made with this and we were very impressed with the quality of our 2016 Scholarship Applications. There were a number of students who were very close to being awarded scholarships, however the system for determining them is clear, and the students who did not receive a scholarship did not meet the minimum scholarship criteria. We sincerely hope that all applicants will apply again in 2016, as persistence and continued effort are two of the keys to ongoing personal development.

Each student who has applied for a scholarship should be happy with their performance, and all individuals should build on their efforts for next year should they choose to apply again.

Some words of advice to all students who know they are applying again in 2016.

* Keep any certificates that you are awarded
* Record all of your extra-curricular participation e.g. debating or inter-school sports
* Ensure that you are a positive role model for others and have a good discipline record for the year
* Prepare as well as possible for the Scholarship Examination. In most cases this year the examination was the determining factor between those who received a scholarship and those who did not.

On behalf of all of the members of the scholarship committee thank you to all applicants, we sincerely appreciate and respect your hard work.

Enjoy the remainder of 2016 and best of luck for next year.

SECONDARY NEWS

2016 Year 7-10 Orientation Days (Thursday and Friday 3rd & 4th December)

There will be 2 secondary orientation days at the conclusion of next week. This will occur on Thursday 3rd December & Friday 4th December. The days will operate during normal school hours (8:40am-3:30pm). These days will allow them to commence effective preparation for 2016. This will include students being placed into their new classes for 2016. It is integral that all students attend and are punctual. They should also bring materials for completion of work, particularly paper and pens. If students are ill and unable to attend it is very important that they contact the school to keep us informed and they will require a medical certificate if they are absent for 2 days in row. Students who are not in attendance should contact the office to inform us of their absence so that alternative arrangements can be made if necessary.
