Important Notice – Mt Hira College is almost at Full Capacity

As-Salaamu Alaykum Respected Parents and Carers,

I pray this message finds you in great health and high imaan.

By the Grace of Allah (swt), Mt Hira College has achieved a record level of growth in enrolments for the past three (3) years and we have now reached almost full capacity.

The purpose of this notice is to advise all current and prospective families that in 2024, Mt Hira College can only absorb a **small fraction** of the **extremely high demand** for enrolment. **To date we have received over two hundred (200+) applications for enrolment for 2024, and we can only accept a very limited number of these due to the limited spaces available.**

For our existing families, it is very important that all school fees are paid up to date to ensure that your child's enrolment is secured for next year, as strict protocols will be implemented for the deliberate non-payment of fees. Further, we would highly appreciate early notification of any families who intend to relocate or change schools in 2024, so these places can be made available to those on our waiting lists.

For our prospective families, due to the high volume of applications and a thorough screening process, we appreciate your patience when waiting to receive the outcome of your enrolment application. Further, **we request your cooperation and understanding if your child is not offered a place due to insufficient places being available.**

From 2024 and beyond, to increase the prospects of gaining enrolment at Mt Hira College, I strongly advise families to consider enrolling their children from Kindergarten or Foundation, as the College has a very strong student retention rate, and as a result, there are an extremely limited number of places available at the College in upper primary and secondary year levels.

We thank all families, current and prospective, for your trust and confidence in the outstanding environment, dedication, education and care we provide our precious students, and we ask Allah (swt) to continue to shower His blessings, support and protection on us all, ameen.

Kind regards,

Dr Toni Pikos-Sallie
College Principal
